## Текстот во графиконот:

Hate speech due to sexual orientation and gender identity

Hate speech due to ethnic background

Hate speech due to political affiliation

Hate speech due to sex and gender

Hate speech due to race/colour

Foreign citizens subject to mocking

Hate speech due to intellectual or physical disability

Hate speech due to religion and belief

Based on the monitoring system of the Helsinki Committee, the increased number of reports is due to the raised awareness of the users of social networks. The hate speech that increased dramatically with the announcement of the Pride Parade has been documented and the competent institutions are informed of this phenomenon. We urge the competent institutions to closely monitor the growing trend and react accordingly, taking into account that we expect the trend to continue in the month of June.
